The screenshot displays two main interfaces. On the left is the 'Feedback Dashboard' with a dark theme. It features four summary cards: 'Total Feedbacks' (2), 'Average Rating' (5), 'Positive (4+)' (2), and 'Negative (<3)' (0). Below these are sections for 'Send Feedback' (with fields for name, email, and message) and 'Recent Feedbacks' (listing two entries from users 'Abc' and 'ABC'). On the right is the 'Data Explorer' interface, also with a dark theme. It shows a navigation tree under 'Cluster0' (Organization: Dhruv's Org, Project: FeedBack System, Cluster: Cluster0) and a 'test.feedbacks' collection. The collection details show 1 document, 3KB storage, 2B logical data size, 2B total documents, and 2B index size. The 'QUERY RESULTS' section shows two documents with details like name, email, message, rating, and created date.
